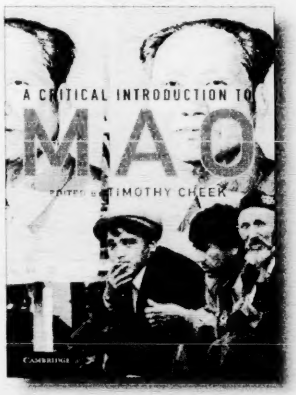
CAMBRIDGE

A Critical Introduction to Mao

Edited by TIMOTHY CHEEK

$90.00: Hb: 978-0-521-88462-4
$27.99: Pb: 978-0-521-71154-8: 392 pp.

Mao Zedong's political career spanned more than half a century. The ideas he championed transformed one of the largest nations on earth and inspired revolutionary movements across the world. Even today Mao lives on in China, where he is regarded by many as a near-mythical figure, and in the West, where a burgeoning literature continues to debate his memory. In this book, leading scholars from different generations and around the world offer a critical evaluation of the life and legacy of China's most famous – some would say infamous – son.



"It is important to understand Mao, and this book makes a contribution to such understanding."
—Hong Kong Economic Journal
